

AFFIDAVIT

I, _____, residing at:

Address: _____

City, State, Zip Code: _____

do hereby state that I am at least 18 years of age, that I am a citizen or a legal resident of the United States of America, that I am of sound mind, and that I am the person whose signature follows on this Affidavit. The purpose of this document is (1) to advise Congress as well as state and local officials of organized stalking and electronic and mind manipulation torture being committed against me and (2) to request a state, local, or Congressional investigation and hearing on the use of remotely-operated directed energy attacks and mind control technologies on Americans in this country.

Our Government is responsible for protecting its citizens from elements that covertly harass, torment, murder, and cause victims to commit suicide through organized stalking and remote electronic torture. Yet, unbiased research indicates that certain elements of Government either engage in these activities or protect those who perform them. I seek the complete dismantling of any officially-sanctioned covert Government torture programs, the passage of legislation specifically outlawing that high-tech torture, and the full prosecution of any person, regardless of his rank or position, who has violated my civil rights and my most basic human rights.

The assaults on my mind and body have been occurring for _____ year(s) or _____ month(s) and include, but are not limited to the following (checked below):

- blanketing my dwelling and surroundings with electromagnetic energy.
- invading my thoughts via remote sensing technologies.
- making me mentally "hear" others' voices through the microwave hearing effect.
- depriving me of sleep due to neurological intervention.
- introducing poisonous gas and radiation toxins into my home.
- having me stalked en masse on foot and in vehicles.

- ___ vandalizing my home and/or car.
- ___ tapping my phones and hacking my computer.
- ___ blacklisting me in the labor market.
- ___ “workplace mobbing”.
- ___ bombarding my body with debilitating electronic and mind manipulation effects.

The acts described above violate many laws aimed at protecting Americans. Some of these laws are:

10 USC 921, Article 121 -- Larceny and wrongful appropriation

10 USC 920A, Article 120a -- Stalking
